Taipei City 104, Taiwan (R. O. C.)

IN REPLY REFER TO  
**1003000774**

This Recognition Certificate confirms that your test facility has been accredited to **ISO/IEC 17025:2005** and fulfills the requirements set out in the "**Regulations Governing the Recognition of the Designated Testing Laboratory for Commodity Inspection**".

The description of your test facility has, therefore, been put in the list of designated testing laboratories and the measurement data and test reports issued by your test facility will be accepted as a basis for attesting conformity to **CNS 13803, CNS 13438, CNS 14757-2, CNS 13439, CNS 13783-1, CNS 14115** for industrial, scientific and medical instrument, information technology equipment, broadcast receivers and related equipment, household appliances/tools and fluorescent lights/luminaires.

Relevant information can be found at the website: <http://www.bsmi.gov.tw>.

The reference number for the recognition of your EMI test facility are listed below:

**SL2-IS-E-0033, SL2-IN-E-0033, SL2-R1/R2-E-0033, SL2-A1-E-0033, SL2-L1-E-0033**

The test report shall bear the relevant reference number.

Note that an application, together with relevant documentation, shall be submitted to the Bureau of Standards, Metrology and Inspection (BSMI) within 2 weeks if major modifications or changes have been made to your test facility.

The recognition is valid through August 14, 2014

Taipei, August 29, 2011

Jay-San Chen, Ph. D.  
Director General
